Paul Vudmaska's Resume

- Email : paul@vudmaska.com
- Phone: 210-422-7745
- Github: https://github.com/voodoo/

Full stack developer

- Ruby on Rails (12+ years experience)
- Experience with HTML, CSS, Javascript (20+ years)
- My best asset is my **interest**
- I seek value - "how is this technology going to help me create value for myself and others?"
- Finding the right tool for the job used to be the hardest part. Now, choosing, the right tool is hardest because of paradox of choice
- I've got 20 years of experience **choosing** and implementing the right tools for the job

Server / Skills

- Ruby on Rails
- Many ruby gems **Gemfile**
- Mysql / Postgres
- Managed production servers on **Digital Ocean** and **Linode** for more than 10 years
- Ubuntu, Passenger, Nginx, SSH / Keys, Capistrana, SSL certs

Client / Skills

- HTML, CSS (Tailwind / Bootstrap, Grid / Flex)
- Javascript, jQuery, jQuery Mobile, Svelte Kit
- Static site generators (Astro, Middleman)

Experience

MBLZ   Jan 2007 to Present

- Full stack development of CRM for small business.
- Manages customer's clients, phones, invoices and more
- Rails (started with 2, currently on 4+)
- Nginx, Passenger, Mysql
- Twilio
    - Allows MBLZ to answer any number of phones - and manage their contacts
    - Script-able phone number, Phone switch boards - answering trees
    - Call Routing
- jQuery Mobile
- I've worked for MBLZ on a project basis over the last few years.

- Some projects include:
    - Added product invoices and inventory
    - Updating all sites to use SSL (Let's Encrypt)
    - Moved the CMS portion out of Rails and into a static site generator
    - Multi-site Middleman - all the sites use one instance, each containing their own data and content - making maintenance (including adding sites) very efficient, performant and cost-effective
    - Bootstrap (3&4 - the upgrade to 4 was a breeze)

Rackspace

2010-2015

- Senior developer working on internal apps that managed contracts.
- Using their API, interfaced with Salesforce
- Encrypted documents at rest
- Implemented workflows that streamlined the sales/contract process
- Worked closely with business reps on requirements

Experience

Before 2010

- **Navy** (3 years).
    - Honorably discharged. Attained rank of E6 in short enlistment.
    - Worked on the flight deck of an air craft carrier (Saratoga)
    - Visited the Mediterranean
- **USAA**
    - Tech lead
    - Intranet apps
    - ASP - Jscript on the server

Education

Graduated in 1997

- **Bachelor of Business Administration**
- Information Systems
- UTSA, San Antonio, Texas
